PROFESSIONAL PROFILE

Canadian citizen and International Medical Graduate (MD, 2025) from Latakia University (formerly Tishreen University), Syria. Formal medical education with hospital-based clinical exposure, surgical observership experience, and healthcare-related training.

Prior volunteer service in Prince George, BC, including work at the BC Cancer Centre for the North and the Heart and Stroke Foundation.

Seeking clinical or medically related roles in Northern British Columbia while preparing for postgraduate training and a future residency application through CaRMS.

Also open to opportunities in web development, with hands-on experience in a range of development tools and technologies.

MEDICAL EDUCATION

Doctor of Medicine (MD):

Faculty of Medicine, Latakia University (formerly Tishreen University) — Latakia, Syria
September 2013 – December 2025

HONOURS & AFFILIATIONS

Lifetime Member, Golden Key International Honour Society (York University)
Inducted October 2019

CLINICAL & HOSPITAL EXPOSURE

Pharmacy Assistant Training:

PG Gateway Pharmacy — Prince George, BC
January 2018 – March 2018

- Exposure to medication dispensing workflow
- Observed outpatient pharmaceutical services in Canadian setting

Surgery Observership:

Al-Othman Hospital — Latakia, Syria
January 2017 – May 2017

- Observed surgical cases and operating room workflow
- Observed perioperative processes (pre-op preparation, intra-op flow, post-op handover)
- Observed multidisciplinary team coordination in the surgical setting

Emergency Department Training:

Latakia University Hospital — Latakia, Syria

October 2016 – November 2016

- Participated in ED workflow and patient flow processes
- Observed triage prioritization, vital signs assessment, and escalation pathways
- Observed interdisciplinary coordination in acute care (nursing-physician communication)

HEALTHCARE VOLUNTEER EXPERIENCE – PRINCE GEORGE, BC

Center Supporter Volunteer:

BC Cancer Centre for the North — Prince George, BC

November 2017 – November 2018

- Supported oncology patients with refreshments and general assistance
- Engaged in patient interaction within a clinical care environment
- Played piano for patients as part of supportive, non-clinical volunteer engagement

Administrative Office Assistant Volunteer:

Heart and Stroke Foundation

April 2018 – August 2018

- Data entry and administrative support
- Assisted in organizing school visits and fundraising events

INDEPENDENT MEDICAL MODELING PROJECT (SELF-DIRECTED)

Project Lead & Conceptual Systems Developer (PhenoMed) | 2020 – Present

- Developing a structured conceptual framework for organizing human biological systems into an integrated multi-level model
- Designing and writing the coding component of a prototype diagnostic-oriented application
- Structuring biological data across molecular, cellular, organ, and system levels
- Conceptualizing diagnosis as identification of a patient's dynamic biological state
- Building the technical architecture to translate clinical inputs into organized biological representations

Full-Stack Website Developer | 2020 – Present

<https://rudynamame.vercel.app>

<https://github.com/rudynamame/sample1back>

<https://github.com/rudynamame/sample1front>

- Developing and maintaining my project website to support presentation and implementation of the medical modeling platform
- Building front-end components using React.js, HTML, CSS, TypeScript, and JavaScript
- Developing back-end functionality with Express.js, Node.js, and MongoDB
- Designing the website architecture to connect user-facing interfaces with underlying project logic and data structures

ADDITIONAL EDUCATION

Computer Science Courses:

York University — Toronto, ON

September 2020 – August 2021

Biomedical Sciences Courses:

York University — Toronto, ON

April 2019 – August 2021

EMPLOYMENT EXPERIENCE

Team Leader — Mary Brown's, Hamilton, ON | February 2019 – May 2021

Team Member — Karma Candy, Hamilton, ON | December 2018 – February 2019

Team Member — Wendy's, Prince George, BC | November 2017 – January 2018

SKILLS:

Clinical/People & Admin

- Patient-facing communication (supportive volunteer interaction)
- Administrative support & data entry
- Community engagement / event support
- Team collaboration

Analytical & Project

- Analytical and systems thinking
- Problem solving
- Independent project leadership (self-directed)

Technical

- Software development (prototype coding)
- Full-stack web development
- Data structuring & conceptual modeling

Additional

- Amateur Pianist & Vocalist
- Full G Driver's Licence (Ontario)

LANGUAGES

- Arabic – Native
- English – Professional working proficiency
